

Super Retriever Series Crown at Riverfest May 23 and 24, 2009!

Riverfest, Arkansas' largest and most popular music, arts and food festival, in Little Rock, will once again be the site of the Super Retriever Series Crown Championship on May 23 and 24, 2009. The SRS is proud to host the best dog and handler teams in the world, who will compete for the title of SRS Crown Champion.

The Super Retriever Series showcases canine athletes at their best. Teams have been competing all over the country for the last year while attempting to qualify for the trip to Riverfest and the Crown Championship. The top three teams from each qualifier are invited to the Crown and will compete in Super Fly, the canine equivalent of the long jump, and Super V (Vertical), the canine high jump competition. There will be one last qualifier for both Super Fly and Super V on Friday, May 22, 2009.

Both the final qualifier and the Crown Championship will be held at the pool located in front of the Arkansas Queen Riverboat, 100 Riverfront Park Dr., N Little Rock, AR 72114. To register for the qualifier, or for more information on any of the events, please visit www.superretrieverseries.com. Registration for the qualifier will also be held onsite on the day of the qualifier.

The Super Retriever Series is also proud to announce the 2nd annual "Callin' the Rock" on Sunday, May 24, 2009, at 2:00 PM, in front of the Super Retriever Series Crown Championship pool. Craig O'Neal and Justin Tackett of the Super Retriever Series TV show on Versus, will host an attempt to break the World Record for the largest group of kids age 17 and under simultaneously blowing a duck call for at least three minutes. Check the SRS website for pre-registration information and information to a free pass into Riverfest on Sunday.

The SRS is excited to be back and ready to get all our families and young folks involved. New this year will be the Mack's Prairie Wings Kids' Camp where children of all ages can experience hands-on outdoor activities including archery and shooting skills. There may even be a dog or two to help teach kids how to handle.
